SUBJECT: Outstanding Achievement

ALL PERSONNEL OF THE 720TH MILITARY POLICE BATTALION

1. You have recently distinguished yourselves and your organization by being evaluated as one of the most outstanding battalions in USAKV during the Annual General Inspection from 23 to 27 November 1970.
2. This distinction that has been accorded you is a tremendous accomplishment, and is indicative of magnificent duty performance by everyone. It is noteworthy that no single area among several hundred was rated as unsatisfactory. Each of you contributed significantly to the results achieved by an enthusiastic attitude and a willingness to work long hours in preparing for the inspection. Obviously, the total effort was one of superb teamwork which is the essence of any truly outstanding organization. Without exception, you participated above and beyond the call of duty to assure that each facet of your mission was accomplished with the highest degree of professionalism. The standards of conduct and efficiency you demonstrated were exceptionally impressive. Your morale and esprit de corps were unsurpassable. The level of discipline reflected by your performance is that which many strive for but seldom reach, and should serve as a sterling example for other units to emulate. You are most deserving of all the praise that has been and will be extended to you and are worthy of the title, "Meritorious Unit."
3. Your performance is in keeping with the highest traditions of the U.S. Army and the Military Police Corps and reflects great credit upon each of you individually and upon your organization collectively. It is an honor and a privilege to be associated with you.
